## KEY PROJECTS

### The Grotto
https://grotto-quote-generator.netlify.app/
- An inspirational random quote generator
- Built using Reactjs and deployed on netlify

### Mountain Bike API
https://github.com/jeevanng/mountain_bike_api
- A centralised platform for mountain biking enthusiasts to access comprehensive information about single track routes across the globe
- Built using Python, Flask , PostgreSQL

## PROFESSIONAL SUMMARY

Versatile professional with experience in Psychology, Commerce, Child Protection, Design and Firefighting. Bringing a diverse skill set and a love for impactful coding projects, I thrive on continuous learning and problem-solving.

## WORK EXPERIENCE

### Treetop Adventures
Safety Instructor — 2023 - Present
- Train and supervise customers (30-200 a day) to use high ropes gear correctly ensuring no accidents happen.
- Adhere to safety protocols when harnessing customers.
- Perform time critical rescue procedures when a customer is unconscious or in need of help.

### Pacific Makers Galleria
Jeweller — 2022
- Involved in the process of designing and handmaking bespoke jewellery from start to finish.
- Back office duties such as invoicing, inventory control and sourcing new gemstones.

### Fire Rescue Victoria
Firefighter — 2019- 2022
- First responder to emergencies such as fires, complex rescues, medical calls and hazardous spills.
- Quickly and effectively analyse hazardous situations and take appropriate course of action.
- Building inspections in high risk areas to ensure they met the minimum standards for fire safety (hose reels, smoke alarms, hydrants and access).

### Dept. Health and Human Services
Child Protection Practitioner — 2018- 2019
- Case management of court ordered cases involving family violence and abuse.
- Navigate complex familial, legal, and external dynamics to optimise outcomes for clients, with a focus on the welfare of children.
- Continually assess the ongoing risk to the child or young person by developing and implementing case plans based on the best interests case practice model.
