DESIGN PROCESS/DECISIONS

PAGES

- Home

- About

- Work

- Blog

- Contact

High focus on minimalism as a central theme. Less is more.

COMPONENTS

- Cascading mountain/triangle

- Font styling

- Nav Bar (Hamburger Menu)

- Buttons

- Contact page

- Responsive design

- Images

- Animations

CHALLENGES

- Trying to understand and implement the **display: flex;** properties to my elements.

- Achieving the **cascading triangle** on the home page, and adding a border to the image. Mask, SVG or Clip-path?

- **Centering text** over the image on the Home Page

- Images **zooming in** on hover, but staying within border.

- **Hamburger** menu

- **Responsive** design

- Quantity of unique **classes/ID's** in HTML
